Escape into yesteryear. Unearth a gem. Discover a treasure. Everything is possible as you meander along our ribbons of country highways exploring the rich collection of antique and collectible shops. Begin in New Buffalo, wind your way north along Red Arrow Highway to Browntown Road and then back south to Three Oaks. Fine antique furniture, original fine art, elegant china and crystal, heirloom jewelry and architectural remnants are just a few of the things that will delight treasure hunters here. From rustic to investment, to mid-century modern, a serious collector will find that singular piece to accent a room or enough furniture to fill a house. These collections represent the passions of the shop owners, many of whom offer professional design services, certified appraisals, and antique repairs and restoration. What a joy to share your passion, and won't it be fun to say "I got it in Harbor Country!"
